NO 42

Plenty of Cars Expected Now

Last Saturday in a conversation with W. A. Buchanan M. P., the editor of this paper, explained the seriousness of the car situation along this south line of the C. P. R. It was pointed out that relief was urgently needed and at once Mr. Buchanan manifested sincere concern about the matter and assured us that he would do all in his power to obtain cars.

In a letter to us Monday evening Mr. Buchanan enclosed a telegram from Sir H. L. Drayton, chairman of the board of railway commissioners, sent from Ottawa, in answer to his telegram telling of the state of affairs along this line. The telegram is very gratifying and read as follows:

"W. A. Buchanan,
Lethbridge, Alta.

Train of empties are being placed on Cardston branch today. Do not anticipate further trouble."

This telegram was dated Nov. 6, and the empties were supplied as promised. On top of this comes the action of the agricultural society and the board of trade, which also has the support of the federal member, so that it is confidently expected that from now on the south will receive better treatment in the matter of empties.

Two families who moved from Raymond returned to the "old home town" recently. Mr. and Mrs. Clarence Stevens and Mr. and Mrs. George O. Wall. They are both glad to both glad to get back to Sunny Southern Alberta where the big crops grow.

The sheriff's sale of horses last Monday was very successful. All the horses and harness were knocked down for a good figure. James Rodewack was the auctioneer.

Thomas E. Ott is in Saskatchewan this week having been called there to the bedside of his father, who is critically ill.

A short meeting of the town council was held on Thursday evening of last week with Mayor O'Brien and Ald. Dahl, Fisher, Court and Salmon present.

It was desired that Mayor O'Brien and Secretary Kimball attend the municipal convention at Edmonton, but it was impossible for them to leave town, and therefore, Ald. Alfred was appointed the official delegate to this gathering of municipal workers, which convened this week.

The date for the sale by auction of lands forfeited to the town for non-payment of taxes was fixed for Dec. 15. This property some of which is very valuable, is advertised in this issue of the Leader.

The secretary was authorized to purchase a new typewriter. Several other minor matters were also discussed, and the council adjourned at nine o'clock, one of the shortest meetings they have held this year.

Notice

Hunting strictly prohibited on the Herford Ranch, trespassers will be prosecuted.

Mr. Craig expects to remain for a longer period than announced. His sermons have been most excellent. Last Sunday, evening the text was, "Assurance" That ye might know that ye have eternal life." During the service a solo entitled "The Dream of Paradise" was given by Mr. Thos. Allen.

Next Sunday the sermon will also be one of interest. Text being "The Foundation Truth of Christianity."

Everybody is welcome to these Services Sundays 7-30 P. M.

Have you a cold? Yes. Use Fowler's Syrup of Linseed and Turpentine.

Is it True?

The Leader has just learned from an apparently reliable source, that Pte. Billy Aitkin, at one time connected with the Magrath Pioneer and later with the Leader, has been killed in action. We cannot vouch for the truth of this report, so here's hoping that Billy is still on the turf.

STAGE GOSSIP

FAVORITES RETURN

Oliver J. Eckhardt, and associate players, filled a successful two-nights engagement here last Friday and Saturday.

Friday night a pretty and pathetic drama of "The Old Homestead" type, was the bill. While this caliber of drama is not particularly appetizing to present-day tastes, its revival here was a success. Everyone present seems to enjoy the play. Interest was sustained, and while the scenes and situations followed in regulation order—yes, Poggio dear, one could anticipate results correctly—it was wholesome and pleasing.

In striking contrast to the pathos of the night before, the screaming funny farce, "The Girl in the Taxi," was the offering Saturday evening. For brilliantly clever lines and original and startling climaxes, this play is without doubt the best Raymond has seen for many a day. There was not one dull minute in the entire evening.

The next play to appear here, Nov. 28th, is put out by Sherman, of Winnipeg. The play is called, "The Girl He Couldn't Buy," a stirring drama of the underworld.

Tonight in the Opera House a strong local company will present the comedy-drama, "Our New Minister," under the auspices of the state M. L. A.

Next Wednesday at the Rex theatre the greatest serial yet produced, "Liberty," will open. This is a powerful drama, perfectly photographed, based on the Mexican revolution and the U. S. intervention. Marie Walcamp and Fido Polo, of "Broken Chains" fame are starring. It will also run at the Empress theatre, Magrath, commencing Friday next.

This week the Leader received a letter from Jack McLennan, a former well-known newspaperman of Southern Alberta, and now associate editor of the American Sheep Breeder. Jack is still in Chicago turning out "copy" by the reel, and he can write "some" copy, too, when he feels right. The live sheep journal has moved from S. Clinton street to the Union Stock Yards in preparation for the great International Stock Show. Early in the coming year, Mr. McLennan will remove to Salt Lake taking over the interests of his paper in the West. Jack has quite a number of friends in Raymond and wishes to be remembered to them.

LOST—Bay mare, branded "Lucky B Half Diamond over" on left thigh. Last seen south of Raymond. \$5 Reward offered for its recovery.

Albert Hicken, Raymond
Stops coughs in short order. What? Fowler's Syrup of Linseed and Turpentine.

Wilson McCarty, son of Mr. and Mrs. Charles McCarty, of Raymond, and a former resident of this town, was elected by a big majority to the office of prosecuting attorney for the judicial district of Salt Lake in the recent elections. Along with Mr. McCarty's many friends here the Leader joins in extending hearty congratulations.

Appeal Made For More Grain Cars

Monday afternoon a meeting of the Raymond Agricultural Society and the Board of Trade was held in the town office to protest against the treatment this town was getting from the C. P. R. in the matter of cars for handling of grain. That there was a serious car shortage prevailing here and in Lethbridge was the sentiment expressed by prominent farmers from these districts, and a resolution passed appealing to the board of railway commissioners for redress.

Pres. James E. Meeks presided over the meeting, and explained the conditions, as they at present existed. He said if cars were not obtainable thousands of bushels of grain would be either partially or totally destroyed. Others made similar assertions, claiming the shortage was worse this year than last.

A committee consisting of president and secretary of the agricultural society, Mr. Meeks and Mr. Kimball, Mark H. Brimhall, Wm. Reid and F. C. Steele, were appointed to draft the resolution to the commission and secure the cooperation of Mr. W. A. Buchanan M. P.

King Bros. Ltd., "The House of Quality," are now established in their new quarters in the Security building. Their store presents a fine appearance having been thoroughly cleaned and renovated throughout. See their ad. this week.

A. R. de Manby, of the Bank of Montreal, left Monday morning for Lethbridge having been transferred to that city. Mr. Campbell, of the Lethbridge branch, has taken Mr. de Manby's place on the local staff.

Obituary

It is with deep regret that we are forced to record the death in Lethbridge of the four-year-old daughter of Mr. and Mrs. George Spield. The cause of the child's death was pneumonia. It was playing about on Saturday and was suddenly taken ill. Dr. Craig was called in but nothing could be done and it passed away on Sunday. The funeral was held Monday at the public cemetery, Lethbridge, Bishop Green officiating.

Mr. Belcher, former manager of the Bank of Montreal, left Monday morning for Montreal, where he will take a position of responsibility in the head office. This is considered a splendid promotion for Mr. Belcher and is a recognition of his valuable services to the great banking house. His successor has not yet been announced, and in the meantime, Mr. G. A. G. Geddes, manager of the Magrath branch, is looking after the Raymond branch, assisted by Mr. Doty, the teller.

Notice

On the recent visit to Raymond several parties who have owed me small accounts for years were able and willing to pay up. Small sums unpaid are the most aggravating and destroy one's credit in the community. Payment to me may be made at the Bank of Montreal or sent to me direct by Post Office money order or registered letter to address below.

PLANS FOR PLACING IMMIGRANTS ON THE LAND AFTER THE WAR

BETTER MANAGEMENT OF IMMIGRATION PROBLEM

Lord Shaghnessy Says That There Must Be a Selection of the Desired Classes and a Refusal to Accept Any and Every Settler Who Might Offer to Come to Canada

Lord Shaghnessy, president of the Canadian Pacific Railway, after returning from a prolonged tour of inspection of the company's system in the West, gave a most cheering report on conditions in the four Western Provinces.

Being asked about immigration after the war, His Lordship made several important statements. In the first place, he said that even if there was a movement toward Canada immediately after the war, it could not be handled, since it would take considerable time to get the troops back, and it would be a great deal of preliminary adjustment in Europe. In the second place, he said that after the war there would be a much more thorough administration of the immigration problem.

He said that in addition to dealing in a better way with the immigrants who are reached Canada, there must be perfect supervision at the point of entry. There must be a selection of the desired classes, and refusal to accept any and every settler who might offer to come to Canada.

In the third place, His Lordship said that after the war there would be used to present the administration of Canada to the immigrants and to all desirable colonists who might wish to make new homes in Canada.

The Canadian Pacific would continue to make every effort to assist these settlers after they reached the Dominion. He expected that the policy of ready-made homes would be continued, but he thought that in the future building land might be made available to immigrants who might be furnished with materials and money to build their own homes.

He said that in the very near future he would be allowed to construct their own buildings, thus reducing the cost and affording the immigrants employment for the first months of their residence in Canada.

"We have no manner of doubt with reference to the future of Canada after the war," said His Lordship. "In the course of a few years there will be a satisfactory immigration of immigrants from Europe, and the development of the country will continue to go forward rapidly as it has in the past few years. With reference to the Western Provinces, I would say that I have never seen any of my fields in any other country."

City of Kiev is a Russian Gem

Considered the Most Desirable of All Russian Cities in Which to Reside

When first I travelled, years ago, through Russia, I thought Kiev the most desirable city in the country for the third time during the war, and my early impression remains unchanged. I would like to live in Kiev, and my early impression remains unchanged. I would like to live in Kiev, and my early impression remains unchanged.

Although it is in the south of Russia its climate is severe. It endures the heat of the summer and the cold of the winter. Yet it has most of the features which we associate with southern cities. It is, to be sure, a city of flowers. From May to September it grows for itself a number of "petals" in the form of carnations which are sold at every flower stand. During the summer snow and ice the flowers are in the shop windows—exquisite displays. In the gardens, the flowers are in the shop windows—exquisite displays.

There are wide, shady boulevards with a suggestion of Parisian style, Parisian success of charm. The shops are handsome and display their wares far more attractively than those of Petrograd or Moscow. There are wide, shady boulevards with a suggestion of Parisian style, Parisian success of charm.

The men's faces suggest intelligence. One notices immediately that Kiev is a "decent" place. Not overdone, but with a suggestion of Parisian style, Parisian success of charm.

They do not enjoy life, in Moscow they enjoy eating and drinking. In Kiev they enjoy everything at any rate, they look at life. They do not enjoy life, in Moscow they enjoy eating and drinking.

Kitchener had to make one of the best choices in his life. Nine soldiers in ten would have placed him in the trenches, and he would have been hurt in France every day. He would have been hurt in France every day.

Some Facts about the Province of Saskatchewan

In Area is as Large as France and Twice the Size of the British Isles

Saskatchewan, one of the three prairie provinces of Western Canada, is situated between Manitoba and Alberta. It was incorporated as a province in 1905—before that, it was a part of the Northwest Territories.

It has an area of over 250,000 square miles, as large as France, and twice the size of the British Isles.

There are about 100,000 acres of arable land, of which less than 15 per cent. is actually under cultivation. The total area under crop is little more than the amount of land included in road allowances.

The elevation above sea level varies from 1,500 to 3,000 feet. Cattle winter in the open in the ranching districts.

The mighty rivers of Saskatchewan are capable of developing 1,000,000 horse power.

Saskatchewan's coal area covers about 7,500 square miles, and is estimated to contain a quantity of coal of lignite.

The principal population is 750,000; the principal cities are Regina, 100,000; the principal cities are Regina, 100,000; the principal cities are Regina, 100,000.

Saskatchewan is the largest wheat-producing province in the world. It is the largest wheat-producing province in the world.

OUR OBLIGATION TO OUR ALLIES

AND THE SACRIFICES OF WAR

VIEW OF WHAT THE ALLIES HAVE GIVEN AND DONE

No Chapter in the History of National Friendships Has Held Greater Stories Than That Which Records the Reckless Sacrifices of Our Allies During the Early Period of the War

"I think that we shall never be the same people again," said Mr. Hughes, answering the first note of his welcome home. Australians may think with him, and hope with him, that we shall not. We have in the sun and followed our prosperous path with cheerful and childlike arrogance.

The first of our men ran bravely, even, to the great game of war, bearing the trumpets and not the drums, seeing the waving banners knowledge and the pain of long endurance, sorrow and suffering have come to us since then. Surely no man in this country, aloof from war yet redly stricken by the feeling of it, can look back over two years without a sudden flood of almost unendurable gratitude for what other countries have done for us. When the news of the battle of the Marne came, we were few indeed only the glimmering dawn of the light of release. Britain was to be the avenger. Her millions of the brave, would spring at once to full life and courage, and drive the Belgians and the ravishers of France.

Those first black weeks left us gasping and sweating in the night. We had no idea of the magnitude of the task. Confidence seemed on point of giving way. The British people, then the fulfilment of Joffre's brave patient plans brought a flush of hope and a sense of relief. How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had headaches and backache with bearing down pains and I would have had much more very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with backache and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. M. A. Goss, 210 E. 12th St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I have never been so well as I have since I took it. I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. M. A. Goss, 210 E. 12th St., Philadelphia, Pa.

Krie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now I do not feel good. I feel like I am 60, and it restores me in a short time. I will praise your remedy to every woman who it may help. Good results from it."—Mrs. E. Kassiro, 931 E. 24th St., Erie, Pa.

No other medicine has been so successful in relieving women's suffering as has Lydia E. Pinkham's Vegetable Compound. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters—

Live News of Busy Magrath

Lieut. Taylor Writes.

Lieut. Taylor has written a very interesting letter from the front to his mother and by her kind permission the following extracts are published.

"A fine to advise that I am quite O. K. and in the best of health. I had a fine from Breckenridge today. He says the C. M. R.'s are now where there is some real fighting going on and are making a name for themselves.

Every few days I get a chance to look a little bit and so the air work is not so bad after all. My particular job so far has been observing. Yesterday when I was up the captain throttled down till I could hear him shout and tell me to take control. I told him I wanted some instructions on the ground first. But he shook his head and I went at it. Same as throwing a kid in the middle of a stream to teach it to swim, you know. I know nothing about it except what I've heard the pilots talking about. But believe me, I did a lot of very hard remembering about them."

(Continued next week)

All construction work has been discontinued on account of the cold snap. Excellent progress was being on the Magrath Trading company building and lumber was on the ground for the new home for the Magrath Hardware company.

Alt. J. G. Alfred attended the Alberta Municipal convention held this week in Edmonton.

An important meeting was held in Cardston Thursday night attended by W. A. Buchanan M. P. and T. W. Tweedie M. P. for Centre Calgary. At this meeting the campaign for the Canadian Patriotic Fund was organized for the Cardston constituency with Martin Woolf, the local member, at the helm.

Seven thousand dollars is the sum the Cardston riding is asked to raise, and the feeling was that "Cardston will do it." The opening gun of the campaign so far as Magrath is concerned will be fired, if present plans work out, Monday evening Nov. 20th. Able speakers will be present and a rousing meeting is expected.

The Taber riding is also being organized for the big "drives," the sum of \$9,000 being the objective. Raymond's share will be \$2,000 at least. The mass meeting to open the campaign will be held in it is expected Sunday evening, Nov. 19. Interviewed on the train by a Leader representative Mr. Tweedie said that they looked for a liberal response from the south country where crops are good and prices high.

Nothing further has been said about the electric light proposal but it will likely be definitely settled at the council meeting Wednesday evening next.

Alt. Bannion represented the Magrath council at the municipal convention held this week in Edmonton.

The Leader Tobacco Fund

Another dollar came in for the Leader Tobacco Fund this week. We are disappointed at the poor response. Two-hits isn't much money but it will carry a whole lot of comfort and cheer to Tommy Atkins. Come on, you Goodfellows. Won't you give the boys a few smokes. They'll appreciate it. Previously acknowledged, 1.00
Margaret Harvey .50
Mary Harvey .50

After an extended silence Pte. Henry Gibb has been heard from. It appears that his letters have been delayed. He is quite well and located at Canadian camp at Crowsnest. He says the Canadian boys are teaching the English girls how to do the fancy American steps, such as the fox trot, one step etc., and they are proving immensely popular.

The Leader is pleased to report the response being made by one of our talented young men, Ivarn Gibb, Lynn is in Winnipeg working for the C. P. R. and continuing his vocal studies under the leading Winnipeg tutor. He is one of the soloists in Westminster church, one of the most influential churches in the city. He has made several public appearances lately with marked success. Among his musical friends in Winnipeg is Mr. Jamieson, former music and dramatic critic on the Lethbridge Herald and now occupying a similar position on one of the Winnipeg dailies.

The Raymond Institute will be held next Wednesday afternoon at the residence of Mrs. H. C. Christensen. The following program will be received:

Lesson in Canadian Civics.
Melba Kirkham.
Vocal solo, Mrs. Snow.
Address, "Women's Opportunities," Mrs. Gordon.
Piano solo, Mrs. Woolf.

R. W. Winterton left on Friday morning's train for Wilson going to look after his sheep herd which are grazing east of that point. These are anxious times for the sheepmen and they are all staying with their flocks. One good thing this year is the abundance of hay & straw.

Word received from Pte. Arthur Spencer, son of John Spencer of Magrath, is to the effect that he has been confined to the hospital at Whitley for a gripe but that he will soon be out again. Arthur states that his being ordered to the hospital was the only thing that prevented him crossing the channel to the front. The 17th Batt. is at Whitley and Arthur may see Pte. Baxter and the Raymond lads in that unit.

Mrs. Jesse Smith is visiting with her daughter, Mrs. John Gibb.

The marriage is announced of Miss Lillian Workman, eldest daughter of Mr. and Mrs. John Workman, to Mr. Franklin Rich, son of Mr. and Mrs. A. C. Rich, the event to be solemnized on November 28th.

STRAYED—From Bliss. Belongs a three months old cold dark bay. Suitable reward paid for information leading to recovery.

Mrs. Jean Nelson
Raymond, Alta.

FOR SALE—Good comfortable house on Main St. Magrath 28x29 and back kitchen 10x12. Half acre lot 5 years to pay.
Apply, H. C. Hillman.

C. F. STEELE, Editor

The Patriotic Fund.

The campaign for the Patriotic Fund has been launched. You, kind reader will be called upon to do your share in this worthy cause. The demands on the Patriotic Fund are growing daily, necessitating larger sums from the civil population of the country. And the civilian is in duty bound to pay. While we at home are delighting in peace and plenty, our kahi-clad brothers on Europe's battlefields are suffering and dying. Our so-called sacrifices are nothing compared with their's. Then there are the soldier's loved ones at home. What about them? The Canadian people promise our soldiers that we will take care of "her and the children." That is the least we can do. How much happier will the brave lads in the ranks feel if they know that those nearest their hearts are comfortable. We must not neglect the wives and mothers of our soldiers, heroines of the highest type, bearing their cross nobly and cheerfully despite the heaviness of their hearts. You, sir, can help to assuage the bitterness of their lot. When the Patriotic Fund solicitor comes around give cheerfully and generously. "Give Till It Hurts" has been chosen for a slogan. It is a good one. Sacrifice is not sacrifice at all unless it pinches and pinches hard.

Proposed Hospital.

There is a movement on foot for the establishment of a hospital at Raymond. Dr. Greenaway, fully alive to the needs of the community in this regard, is lending his aid, while other citizens have promised their moral and material support. The Leader can willingly and enthusiastically support it. We have long recognized the need of such an institution, and now that it is within the range of probability, it will assuredly receive the prominence it deserves. Raymond has reached that stage in its development when a hospital is a necessity. A public meeting should be called and the question mooted from all sides. It would give the proposal definite shape.

Sale of Lands

NOTICE is hereby given that at 2 o'clock P. M. on the 15th day of December 1916, at the Town Office the following lands which have been forfeited to the Town of Raymond for non-payment of taxes, will be offered for sale at public auction.

"Ten Nights in a Bar Room,"
played to a crowded house Tuesday
evening. The staging and character-
ization of this skeleton of
former greatness was only fair.
In short, we would urge that "Ten
Nights" be laid on the shelf with
the rest of the relics of the past. It
is as dead as a door nail.
